

DW ACRYLIC PANEL

Our DW Wall Mount acrylic panels are our most popular displays! Designed to hold the maximum number of eyewear frames, these panels give you the most for your money. They have laser cut holes to support the frame temples and your choice of metal or acrylic pins for the eyewear bridges. Available in multiple sizes, including custom, they hold between 30 and 105 frames, and they come in your choice of Clear, Frosted White and Polar White in 1/4" thickness and our Glass-look finish in 3/8" thickness. Various accessories are available to go on or around the panels including backboards, mirrors, shelves, logo plates and logo sleeves.

	PRODUCT ITEM NUMBER	ACRYLIC PANEL FINISH	DESCRIPTION
01	DW.31.30.PW.14.KIT	Polar White (PW)	DW31-30F Open Wall mount Acrylic Optical Display with Hardware- 31.75 inch
